FOLKS, you have been hearing about Cornstalk Paper so I am pleased to send you a sample. When I heard that Cornstalk Paper could be used in my catalog this way I placed an order immediately because I wanted to be the first one to use Cornstalk Paper in a catalog.

It costs more money to make this paper but it's worth it to see the farmers get some benefit out of a product that heretofore has been of no great value.

I want to see this new industry profit so the farmers can have this additional profit from their land. That's why I support it. Look it over. It doesn't seem much different than other paper but it comes from the farm and that's enough to make it worth boosting.

# BIG SAVINGS

## Prices Cut

# to get a MILLION NEW CUSTOMERS

### Dear Friends:

I have been working for months getting the merchandise for my new Midseason Catalog. I started out with one idea in mind and that was to get such outstanding values as to attract a million new customers during 1929. Every price has been smashed, every item is a wonderful value. I have done just about everything that I could think of. Comparison will prove that my prices are unbeatable—I have cut prices right and left to back my Lowest Price Guarantee. Every piece of merchandise offered in my catalog is fresh, clean, new and up-to-date merchandise. Every item is backed with a Money Back Guarantee. To you this catalog means bigger savings than ever, to your friends a new place to secure dependable merchandise for less money. With the co-operation of all my old friends and customers I hope to make a million new friends. With my sincere thanks for your letters, your visits and your orders, I am,

Sincerely yours,

EARL E. MAY.

### Guarantee

I GUARANTEE all my merchandise to be exactly as represented, giving the utmost value for the money. If upon receipt you find that the merchandise you ordered is not entirely satisfactory, please return it at once and your money will be cheerfully refunded.

We make every effort to see that our stock and seeds are labeled true to name, and do not knowingly send out seeds or plants which are mislabeled.

### ELEPHANTS AND CAMELS

P. S.—As an added attraction for you to visit station KMA this summer, I have engaged the troupe of trained elephants that you see pictured here. In fact, a whole Radio circus.

They have been added to our staff of entertainers and will perform for you every day.

Don't fail to bring the children to see these elephants. A visit to KMA is more fun than going to a circus.

# Attractive New House Dresses

**I Take Great Pride in Offering These Vat Dyed House Dresses**

**Buy Now — Save Money**

**Choice of This Group**

**\$1.19 each—3 for \$2.98**

**Choice of This Group**

**\$1.89 each—3 for \$5.50**

It would astonish you to know how many vat dyed wash dresses I sold this year. You know that we were the first ones in the country that put the vat dyed dresses on the market. My, they are beautiful garments and the ladies just told all their friends about it until it just more than kept us busy and the factory busy getting dresses to fill orders.

You know vat dyed wash dresses will not fade, they cannot fade, and they are unconditionally guaranteed never to fade. You will get a new dress if they do, and they are beautiful, fine for street and shopping. Just think of it, 48 different styles in these new vat dyed dresses to select from, and you get three dresses for only **\$2.98** postpaid, and you can select different styles and different colors.

Folks around here are just wild about them, and about everyone in our place has three of them. Remember you can get three different styles and three different colors, so that no one of the dresses are alike, for only **\$2.98** delivered.

These dresses are absolutely fast colors; will not shrink or fade. They will give more wear and practical service than any other frock offered at such a low price. Never has anyone offered such an attractive assortment of garments, expensive looking, but so reasonable that many buy them by the dozen. Fashioned of durable materials in charming new styles, set-in or butterfly sleeves and good full hems. Well made and guaranteed to give satisfactory wear.

You may select from the fine attractive styles shown above. You can make a considerable saving by buying three or more.

**Priced \$1.89 each. 3 for \$5.50.**

10% additional for large sizes.

Regular sizes—16 to 46.

Stout sizes—48 to 52.

**Postage Prepaid.**

## Mercerized Broadcloth

### Smocks

**Special**

**\$1.89** Postpaid

The practical usefulness of a smock in the home, garden, school or office has made this type of garment exceedingly popular. It protects your clothes from wear, tear and soil. Seed House girls all wear them.

Made of fast colored, washable, mercerized Broadcloth fabric, in colors of blue, pink, rose, yellow and lavender. Here is a tempting bargain that assures you a substantial saving.

Buy at least three, selecting three different colors. A splendid smock priced exceedingly low. Sizes 34 to 42, \$1.89. 10% additional for extra sizes. State size and color wanted.

# Amazing Shirt Value —

**GUARANTEED QUALITY**

Now Only  
**\$1.65 each**

**3 for  
\$4.65**

**Newest Patterns—Latest Style  
Lowest in Price**

I am always on the lookout for genuine bargains. I obtained this unbeatable group of shirts and offer them at a price that is exceptionally low for such wonderful materials.

There is a world of satisfaction for you in this shirt offering, both in the purchasing price and the wearing.

For the man who likes to look his best at all times and wants his money to do double duty, it is a mighty wise buy, and every man with any sense of economy will snap them up as one of the real worthwhile values of the year.

**Guaranteed Not to Shrink  
or Fade**

These shirts are made of fine quality broadcloth, madras, French flannel, silk striped broadcloth, and silk striped madras. They are not print shirts, but made of a pre-shrunk wool dyed yarn, which means that the yarn is shrunk and dyed before it is woven into the cloth. This assures you that the garment will not shrink or fade. Only the best pearl buttons are used. Collar attached styles. A splendid selection of patterns and colors to choose from. Sizes—14 to 18.

Please state size, material and color wanted.

### Convenient Features of Farm Belt Overalls

These garments are made extra strong and extra roomy. Very best quality, extra heavy denim, mill shrunk, double dyed. Triple stitched seams, and each leg has two seams. Double lined suspenders.

### Ten Pockets! Here They Are

See illustration on 3rd cover.

Watch pocket, pencil pocket, flap pocket, match pocket, plier and rule pocket, hammer loop, two big roomy double lined hip pockets and two front pockets. All pockets reinforced, double stitched and bar tacked. Launderers easily.

Jackets are made of same quality denim, cut full and roomy. Raglan sleeves that insure comfort, four large pockets, adjustable collar and cuffs, detachable, non-rusting buttons.

## It's Easy to Order a Suit

See Suit Offer on 3rd Cover

When ordering your suit, give chest measurement over vest. Place the tape all around the body close up under the arms. Do not take this measurement too tight and do not let the tape slip down in the back. Waist measurement—place the tape around your waist just above your hips over the trousers. Inseam—to find the inseam length have the tape line placed close up in the crotch and measure down to the desired length.

If you order cuff bottom trousers, the inseam should be a little shorter than for plain bottom trousers.

Please state age, height and weight. We have a full line that will fit everyone, regular, tall, short or stout. Whatever your build, we have a KMA suit just your fit.

**"I RECOMMEND MAY'S PAINT TO ANYONE"**

Have used 25 gallons of your barn paint, and will say I have spread lots of paint but never any, regardless of price, that spread as evenly and gave as fine a finish.  
H. H. Frost,  
Gallatin, Mo.

I want to tell you one of the things KMA has done for us. By buying KMA Paint we saved enough on the house paint so that we can paint our barn in the spring.  
Mrs. A. R. Rebeck,  
Sebetha, Kansas.

## How to Measure Your Buildings

It is easy to measure a building for paint. Start at one corner of your building and measure it by feet all around. Multiply this by the average height of the building at the eaves with two feet added for cornice. This gives you the number of square feet in the building. Divide the number of square feet to be painted by 250 (as May's Farm Belt Paint covers at least 250 sq. ft. two coats to the gallon) and you will have the amount of paint required for two coats. Always allow 1 gallon of trim to each 5 gallons of body.

### "Paint Cannot Be Made Better Than Yours"

I want to take a little time to tell you about the things we bought from you, for they can't be beat. We got 30 gallons of grey barn paint and 25 gallons of linseed oil. Paint cannot be made better than yours; it looks fine and glossy. My husband said if he wanted the paint to come off he would have to take a knife and cut the wood off underneath the paint, for it is just like grown to the wood. All the neighbors like it fine; say they don't know how Mr. May can sell it so cheap, for it is the best paint they ever ran across. My husband got a big iron bar to stir it with before he opened the first 5 gallons. I wish you could have seen him when he opened it; the paint was so smooth and even that no stirring was necessary.

Mrs. E. F. Scheele,  
Route 2, Hanover, Kansas.

### Read what they Say!

#### KMA Paint Well Mixed

Just a few words to let you know how we liked the white house paint. It was so well mixed, creamy, not like so many mixed paints with the lead all in the bottom. Our house hadn't been painted for fourteen years. I mixed 5 gallons of oil with the 5 gallons of paint and gave the house 2 coats and had one gallon left over. Everyone said our house looked fine. We are going to send for more paint in the near future. Your friends,

Mr. and Mrs. W. H. Gordon.

#### Strong Boosters for Earl May's Paint

Three years ago this coming spring I painted my house with paint. I gave \$3.50 a gallon for it. The following summer the paint started to peel. This last spring I bought paint from you people that cost right at half per gallon what the other paint did. Your paint has stood the hot summer without scaling or fading in the least. We are strong boosters for Earl May's paint. House is at 5037 South 31th St., South Omaha, Neb.

#### "\$140 Saved"

The paint man in our town wanted \$160 to paint my house, and I just couldn't afford it. I painted with your paint and what I put on cost me less than \$20. I think of it as \$140 saved; if I had been doing business with you before I could have afforded to go to Paris. As cheap as you sell paint nobody can afford not to paint even the chicken coops.

R. B. Steels.

#### KMA Paint Spreads Easily

Say, Earl, that paint sure spread easy and stays put. I put it on the house right away in the spring and it does not rub off nor peel. It sure had a good test with the heat and rain shortly after it was put on.

Earl R. Mick, Stanton, Neb.

## Shipped Fresh From the Factory to You

Hundreds of customers have told me that this is the best house paint they have ever used. It wears and looks good for years.

Pigments used are finely ground and, being freshly made, will not settle hard in the bottom of the can as do so many other paints.

# BINDER TWINE

## PRICES SMASHED

### *Lowest Price in Years*

I HAVE been working for months trying to get a standard Binder Twine of the highest standard of quality that I could sell at a price that would be far below that which a twine of the same quality could be bought for anywhere else. I've got the twine now.

**\$9.95 per 100 lbs. Guaranteed 500 ft. to lb.**

**Guaranteed for Length, Strength, Weight  
Treated against destruction by insects**

You want twine that will save time and avoid trouble and delay during the busy harvest season when time and twine are money. You need twine noted for its strength and weight and will run out without snarling. When the knotter jams and the bundles break is the time when you would appreciate having real twine in the binder.

50 lb. bale in either 8 lb. or 5 lb. balls. Reserve your needs now.

### Just Read These Letters

Dear Earl: Your binder twine sure worked fine—nice and smooth and never knotted or tangled. I'm going to order twine from you next year. So are lots of my neighbors.

Everett J. Miner, Kansas.

Dear Mr. May: We used almost 150 lbs. of your binder twine and saved \$5.00. Your twine runs smooth and even; no bunchy places to catch in the knotter, and the cricket doesn't bother it.

Fred Bussard, Essex, Ia.

## May's Appetizing Fresh Roasted Coffee

**Has that rich mellow flavor --- Costs Less**

You who like a good cup of coffee will readily appreciate the genuine sweet, rich, mellow flavor of this wonderful coffee. It is specially blended from the choicest crops and roasted with expert care in modern electrically operated roasters—fresh every day. It costs less because it does not take as much of it as other coffee. Every order of my coffee is absolutely the same—fresh, mellow and powerful, and freshly roasted, too, the same day your order is received.

**My Personal Guarantee.** Send me an order for my fresh roasted coffee. Make up as much as you want to. If it isn't as good or better than any you ever tasted, regardless of price, I'll send your money back.

### Coffee at Rock Bottom Prices

## Molded Water Cooled Tubes

### For All Tires

Even though you pay double these prices you can't buy better quality inner tubes than I offer you here. My direct-from-the-factory-to-car-owner system and my tremendous buying power make these exceptionally low prices possible.

Thousands of satisfied users have told us that May's tubes have outlasted and given better service than any others.

### Stronger—Better—Lower Prices

Comparisons will convince you that May's tubes are better. They are full standard size and weight, and made of a high quality rubber free from all imperfections. To

prove our confidence in these tubes my same broad general guarantee applies to May's tubes, the same as with May's tires.

# Save \$2. to \$3. a Bushel on

## How I Save You \$2 or \$3 Per Bushel

Many cannot afford this highly processed seed and yet do not want poor or unadapted seed. Others who can well afford my K. M. A. Selected seeds are buying seed purely for hay or pasture production and do not object to slight mixtures of other valuable crop seeds which are sometimes present in Mayworth seeds. For example, Mayworth alfalfa contains a trace of sweet clover. During the spring months I was able to give an exceptionally low price on Mayworth Hardy Utah alfalfa because it had  $\frac{1}{2}$  of 1% of sweet clover. Sweet clover and alfalfa seed are about the same size,  $\frac{1}{2}$  of 1% means there is one sweet clover seed to 200 alfalfa seeds. As you know, sweet clover can't stand close cutting like alfalfa so the sweet clover, which is a good crop anyway is eliminated in the first cutting of alfalfa for hay. Yet I was able this spring to save my friends \$2.00 to \$3.00 per bushel on Mayworth alfalfa simply because I could buy it to so much better advantage and I just passed this advantage on to my friends.

On the basis of yields, which is what you are all most interested in, I will put my Mayworth seeds up against any similar seed costing \$2.00 to \$3.00 per bushel more.

## Mayworth Alfalfa—Utah Grown

In Sealed Mayworth, Bushel Bags, Direct from Primary Producers

My Mayworth alfalfa was grown on the mile high plateaus of Utah where it has given wonderful crops in spite of the severe cold in winter and death defying drouths in summer. Temperatures where my seed grows frequently drop 10 degrees to 30 degrees below zero in winter and go above 100 degrees in summer.

Mayworth alfalfa is adapted to the extremes of temperature we have in the great Farm Belt. Note the Sealed Mayworth Bushel Bag. It is also backed up by my reputation and my guarantee which permits you to pass the final judgment on all my seeds.

## Extra Fine Seed for Sowing This Summer

I have reserved some nice seed for my friends who prefer to seed alfalfa in the summer months. Through my direct connections with primary producers, while desirable seeds last, I can always furnish you with adapted seed at rock bottom prices.

In developing my Mayworth Seed System, I have adopted a determined policy of having available at all time, seed adapted to your soil, climate and pocketbook.

In my K. M. A. Selected seeds you will find beautiful highly re-cleaned seeds and at fair prices, too. Those who want the most beautiful seed available or are sowing for seed production purposes will find just what they are looking for in my K. M. A. Selected Seeds.

# Mayworth Alfalfa Seed

## Mayworth Grimm Alfalfa

For long rotations and where conditions are unusually adverse, Grimm is considered by many authorities as the hardiest of all alfalfa.

Mayworth Grimm is selected in the growing fields where it is inspected for profuse blossom variegation after careful check of its pedigree. When you pay the extra price Grimm brings, you want full protection as to origin and genuineness. My direct connections with buying fields allows me to give you the greatest money saving value in Mayworth Grimm. I challenge comparisons on price, quality and most important of all, productiveness of yield.

Mayworth Grimm never has more than 1 sweet clover seed to 100 alfalfa seeds. It contains a little sweet clover which you can eliminate in the first cutting of hay if you set your cutting bar low. Sweet clover can't stand to be cut close to the ground. Mayworth Grimm is a money saver, and will give results.

## K. M. A. Timothy

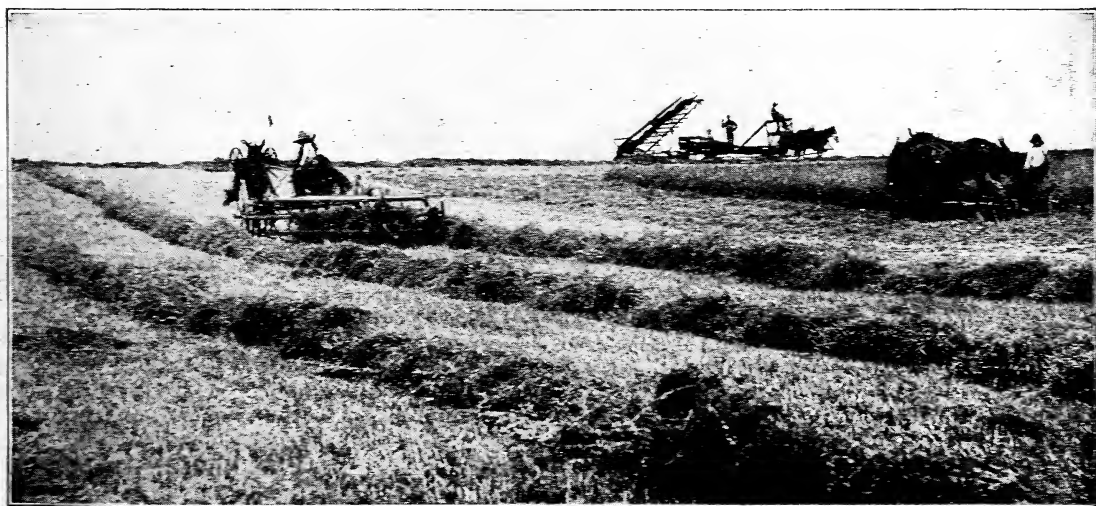

Located as we are in Southern Iowa, long noted for its production of fancy timothy seed, we are in a position to give you the best quality of seed at the lowest prices. We can give you a wholesale quotation on a bushel or a car-load. Write for price and sample.

## Mayworth Hay and Pasture Mixture

On properly prepared seed bed will give a big crop next year if sown any time up to last of August. It is the perfect mixture of the best clovers and grasses to give you the most pasture throughout the season; or it will give you two abundant cuttings for hay and fall pasture besides. Made up of the best crops for hay and pasture including yellow blossom sweet clover, alfalfa, timothy, red top, blue grass, red clover, meadow fescue, etc. About 50% legumes and 50% grasses. A wonderful soil building, balanced ration meadow crop at a low price. **\$13.50 cwt., bags free.**

## Rosen Rye

Yes, we have rosen rye—good for fall pasture if sown early. It will be priced right. Get your sample and tell me your requirements.

# Spring Flowering Giant Darwin Tulips

**Long Stemmed—Gorgeously  
Colored**

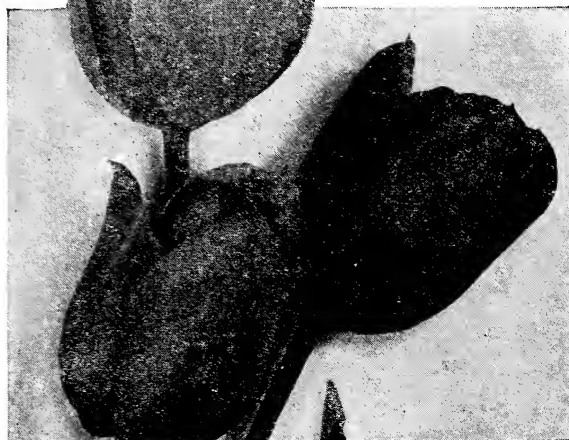

**All Bulbs Postpaid**

**D**ARWINS are the beautiful, tall, long-stemmed, cup-shaped Tulips that bloom in May about ten days after the low-growing early singles. There is every color, from the brilliant crimson to the most delicate lavender, pinks and white.

I think Tulips are wonderful. They are miracles every Spring. Just planting these small hard bulbs this Fall brings the mass of color in May. I plant more of them in my yard every year.

When you saw Tulips this Spring you wanted to have them too. They must be planted this Fall, and how easy it is! Dig up the soil well and provide good drainage. A little sand in the bottom of the trench will do it. "Bone Meal" will add extra fertilizer if your soil needs it. Set the top of the bulb about four or five inches below surface and about the same distance apart. Clumps of the same color are most effective.

## Spring Blooming Bleeding Hearts

A hardy perennial that can be planted between September and October. Their graceful drooping stems are hung with rosy red, heart-shaped flowers in May. They bloom at the same time as Darwin tulips and their lovely pink flowers contrast pleasingly with the tulips. They like a light, rich soil and some shade.

Old-fashioned variety, 55c each; 3 for \$1.40, postpaid.

# The Early Flowering SINGLE TULIPS

**I**T'S HARD to imagine anything more brilliant than a bed of Early Tulips. Here they are, soon after the snow is gone, about the middle of April. These are low-growing bulbs, but the blooms are large and beautiful. Set top of bulbs four inches below surface and about five inches apart. Early Tulips are wonderful for indoor forcing.

## GAILY COLORED DOUBLE TULIPS

Double Tulips are so showy, and the big, double, Peony-like blossoms last so well. They bloom between the single, early bulbs and the May-flowering group, and make wonderful border effects. The colors are very intense because of the heavy double petals. So you must be sure to plant pleasing colors together. A bed of these will be a wonderful garden picture in the spring. ## ORIENTAL POPPIES. 40c each; 3 for 1.00, Postpaid

See Illustration on Back Cover.

Plant your Poppies during August and September, for the roots are in good shape for transplanting. These are enormous, cup-shaped flowers of blazing scarlet, and the center has a beautiful black blotch. Blossoms are often larger than a saucer. Everyone admires them.

They bloom about Peony-time. For best results give them ordinary rich garden soil that is rather porous, but they will thrive under varied conditions. Look at the picture on the back cover.

## Famous Dutch Giant Breeder Tulips

The marvelous colors of these mammoth Tulips that have been favorites of the Dutch bulb lovers for years, make them favorites of ours. They are long-stemmed and blossom in May with the Darwin and Cottage varieties. The colors of bronze, gold, purple and rich reds are rare in flowers, but not in these gigantic Tulips. You will want some of these immense blooms, on their strong stately stems, in your flower border. Plant and treat them the same as Darwin Tulips.

## Old English Cottage Tulips

These are long-stemmed Tulips, too, and the colors are lovely. They have long, oval, pointed petals that gracefully turn out. They are the most airy and beautiful of all the Tulips. Everyone ought to have some of these.

Plant the top of these bulbs at least five inches below the surface and they want proper drainage, too. A handful of sand under each bulb is a good suggestion if the ground is heavy. Good garden soil is all that is necessary, but if you want a good fertilizer, "Bone Meal" is the only safe one.

# MAY'S famous PEONIES

## The Most Beautiful Flowers I Know

EVERYONE should have Peonies. They are loaded with blooms at Decoration time. Sunshine and moderate care are all they ask. Peonies are free from insects and are perfectly hardy, so they are one of our most satisfactory flowers.

### Planting

Plant your Peonies any time after September 1st. Dig a good big hole and set the crowns so they will not be covered by more than 2 inches of soil. Press the soil firmly around the roots and water thoroughly. After the ground freezes cover with several inches of leaves, straw or litter to keep the ground frozen. This prevents damage from alternate freezing and thawing.

### RED AND DARK RED COLORS

#### EARLY

**OFFICINALIS RUBRA.** Vivid crimson. The earliest Peony of all. In bloom for Decoration Day. **\$1.00 each.**

#### MIDSEASON

**FELIX CROUSSE** (8.4). Large, compact, deep ruby red. Fragrant. Vigorous grower. Blooms in clusters. **85c each.**

**F. ORTEGAT** (6.7). Deep crimson blooms with golden yellow anther. Large flowers of semi-rose type. Always out in full bloom for Decoration Day. **60c each.**

**PRINCE IMPERIAL.** An extra fine amaranthine-red. Semi-rose type. Midseason to late. In our field it flowers abundantly. **75c each.**

**KARL ROSENFELD** (8.8). Very large, dark crimson. A brilliant and striking variety. Free bloomer in clusters. A prize winner. **\$1.25 each.**

Karl Rosenfeld

**RACHEL** (7.9). Semi-rose type, medium sized, ruby red. Produces but one beautiful blossom on each stem. Fragrant. **\$1.00 each.**

#### LATE

**ANDRE LAURIE.** Dark rose.

Very late, free bloomer and a strong grower. Does well anywhere. **50c each.**

**FULGIDA.** Amaranth red, silver tipped. Medium sized, loose, semi-double. Tall, strong, erect grower. **50c each.**

**LOUIS VAN HOUTTE.** Dark red. Semi-double, medium height, late bloomer. Good form and size. **60c each.**

### PINK AND MEDIUM COLORS

#### EARLY

**EDULIS SUPERBA** (7.6). Decoration Day pink. Large, loose, crown type, fragrant, and very free bloomer. Bright pink with violet shadings at base of the petals. **50c each.**

**MONS. JULES ELIE** (9.2). Bomb type. Pale lilac rose overlaid with a sheen of silver. Fragrant. One of the most popular of all varieties, excellent for cut flowers as well as landscape. **\$1.00 each.**

**ALEXANDER DUMAS.** A brilliant pink, very early and of the crown type. A leading commercial cutflower variety. **60c each.**

#### MID SEASON

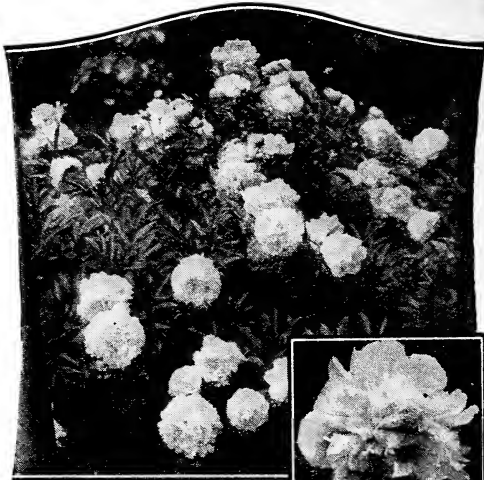

**DUCHESS DE ORLEANS.** Deep pink with attractive salmon center. Bomb type. A good one. **50c each.**

# Iris for Fall Planting

**T**HIS is the Rainbow Flower—named after Iris, the Greek Goddess of the Rainbow. With all the new varieties there is now almost every color of the Rainbow. Iris stands any amount of dryness and likes plenty of sun.

Just so long as water doesn't stand on the crown or roots, Iris will grow and bloom and thrive. It will certainly pay to study over and choose some of these named varieties for they are really beautiful. Plant them with Peonies or in front of Lilacs or Spirea.

Plant Iris very shallow—only a light covering of soil over the bulb. For fertilizer use Bone Meal or Limestone finely ground. Reset and divide your Iris every four or five years. You can move Iris any time except during the blooming period.

Any 15c Iris, 4 for 50c; any 20c Iris, 4 for 70c; any 25c Iris, 5 for \$1.00. Postpaid.

## REDDISH-PURPLE

**CAPRICE.** 24 inch stems. Clear cerise color, nearest red. Has rather a grape juice fragrance. Early bloomer. 15c each.

**KHARPOT.** S. violet. F. purple. 15c each.

**MME. PACQUETTE.** Almost deep rosy red. A most attractive variety. 20c each.

**MONSIGNOR.** 24 inch stems. S. satiny violet. F. purple. Very late bloomer. 15c each.

## BLUE-LILAC

**QUAKER LADY.** Standards and Falls smoky lavender shading to deep blue. Free bloomer, very showy. 15c each.

**PALIDA DALMATICA.** S. and F. delicate lavender. 20c each.

## PINK LILAC

**KHEDIVE.** Beautiful soft lavender and distinct orange beard. Stem 32 inches. Fine for massing. 15c each.

**LOHENGRIIN.** Stem 33 inches. Midseason. Silvery pink-mauve. Has very heavy buds opening into large flowers, borne on sturdy stems. 15c each.

**MAY QUEEN.** Beautiful pink-lilac. Very early bloomer. 20c each.

## BRONZE

**ELDORADO.** S. yellowish bronze. F. violet-purple. 15c each.

**DR. BERNICE.** S. A beautiful shade of coppery Bronze. F. Rich velvety plum. 20c each.

## YELLOW

**LORELEY.** 30 inch stem. Color of the breast of a wild canary. F. creamy white with purple reticulations blending into a velvety purple mass near the ends. The best of its type and the most prolific. 15c each.

**MARY GARDEN.** S. yellow flushed lavender. F. white reticulated maroon. One of the newer ones. 20c each.

**PRINCESS VICTORIA LOUISE.** Beautiful sulphur-yellow. One of the very finest of all Irises. It should be in everyone's garden. 15c each.

**SHERWIN WRIGHT.** Small; lemon chrome. F. flaring yellow. Stalk low and well branched. Best solid yellow. 23 inches. 15c each.

## WHITE

**MME. CHEREAU.** Frilled. Flowers pure white, pencilled blue border. Keeps well. A favorite at the garden show. 15c each.

**MRS. H. DARWIN.** S. Snow white. F. White, slightly reticulated with violet at base. Free bloomer. 15c each.

**FAIRY.** S. White. F. A soft pearl blue. A very graceful flower on long stems. A wonderful cutflower variety. 20c each.

**RHEIN NIXE.** 36 inch stem. Midseason. Raspberry purple edged white. Originated on the Rhine of Germany. Its jaunty air suggested its name. Vigorous grower. The best in its class. 15c each.

**WYOMISSING.** S. Creamy white, suffused delicate soft rose. F. deep rose base, shading to flesh colored border. 15c each.

## Siberian Iris

Hardened by years of exposure to the winters of Siberia, it is hardy everywhere. Its lovely flowers reflect the sparkling white of Siberian snows and clear blue of the Siberian sky. A prolific type of comparatively dwarf habit, with narrow, grassy foliage and stems about 2 to 3 feet long. In the following colors:

**BLUE,** 15c each. **DEEP PURPLE,** 15c each. **WHITE,** 20c each.

## Dwarf Early Iris

Pumila or Dwarf Iris are the first Iris to bloom in early April. They are followed by German, Siberian and Japan in rapid succession. Remember our plants are all healthy and vigorous and will produce blooms next season.

**SAPPHIRE.** 4 to 6 inches. It is the blue of our national colors, and with early red and white Tulips make good patriotic planting. 3 for 25c.

**ALBA.** 4 to 6 inches. White, dwarf. 3 for 40c.

**SPRING SKIES.** 6 inches. Sky blue. 3 for 25c.

# Hardy Perennial Flower Seeds

By sowing seeds of perennials in August, the plants become nicely established before cold weather comes. With a light mulching, these plants will live over winter and will bloom for you next summer.

**1501 AQUILEGIA OR COLUMBINE.** Mixed. Hardy; easily grown from seed. Columbine may be sown in the early Spring and will usually bloom the same season, or, planted in the fall, will bloom abundantly the following Summer or Fall. Pkt., 25c.

**1502 PAINTED DAISY (Pyrethrum).** A showy daisy of all colors from white to dark red. Blooms May-June. Very Hardy. 20c.

**1502 HARDY SWEET PEA.** Similar to annual variety in form and habit, but perfectly hardy. Colors from white to red. Soak seeds overnight before planting. 20c.

**1503 COREOPSIS.** One of the finest of hardy plants, with large, showy, yellow flowers, produced in great abundance from June until frost. Flowers the first year if sown early. Pkt., 25c.

**1504 GAILLARDIA, GRANDIFLORA** (Perennial Blanket Flower). Should be in every garden. Flowers in all shades—yellows, orange, and red, with bright yellow borders. Pkt., 20c.

**1505 ORIENTAL POPPY.** A charming Summer flowering hardy plant. Grows about 2½ feet tall with large orange-scarlet flower, with a large black blotch on each petal. Pkt., 20c.

**1506 SHASTA DAISY.** A splendid hardy perennial daisy of purest white. Broad overlapping petals, borne on long, strong stems. Fine for cut flowers. Pkt., 25c.

**1508 DELPHINIUM, ENGLISH HYBRIDS.** A strain of our own origination excelling anything I have ever seen in the way of Delphiniums. All shades and colors. Pkt., 25c.

**1509 DELPHINIUM, BELLADONNA.** Flowers will be clear, light blue, set rather loosely on the stem. Branching habit of growth. Pkt., 20c.

**1510 DELPHINIUM, BELLAMOSA.** Like Belladonna, except a darker shade of blue. Pkt., 20c.

**1511 HOLLYHOCK.** All colors. Mixed, single and double. Fine for background or screen. Can be used for cut flowers. Pkt., 20c.

**1512 SWEET WILLIAM.** An old favorite—needs no introduction. Our mixture contains the very finest shades and colors. Pkt., 20c.

**1513 GYPSOPHILA, PANICULATA** (Baby's Breath). Tiny white flowers on branching stems, producing a veil-like mist over the plants. Can be dried for winter bouquets. Pkt., 20c.

**1514 MAY'S SAMPLE PACKET PERENNIAL COLLECTION.** One each of the above 13 varieties for \$1.50, postpaid. These are smaller than the regular size packets, but give you a good assortment of perennials.

## Annual Flower Seed For Fall Sowing

Hardy Annual Seeds sown in August withstand the winter and in spring can be transplanted or left where they have been planted.

**PANSIES.** Sow seed in October and have blooms next spring. Thin out young plants and cover with light mulch of straw. In spring the pansies will be almost ready to bloom. They stand partial shade.

**1225 MAY'S BLEND OF GIANT FANCY PANSIES.** Mixture of largest and most beautiful blotched

Pansies. Well formed and expanded flowers of large size, wonderful range of colors. Blooms thick and heavy, making edges wavy. Long stems make them fine for cutting. Pkt., 25c; ½ oz., 75c; ¼ oz., \$1.35, postpaid.

**1226 MAY'S MIRACLE MIXED.** Contains finest types of all strains and latest novelties, including ruffled flowers and many new Sunburst Pansies; smoky rims, henna shades. Fine long stems. Pkt., 20c; ¼ oz., 60c; ½ oz., \$2.00, postpaid.

**1162 LARKSPUR.** Giant Hyacinth Flowered. Three feet. Resembles closely the double Hyacinth. Colors: White, Light Blue, Dark Blue, Pink and Mixed. 10c.

**1247 PHLOX, ANNUAL.** (Drummondii.) Most easily raised and showiest of all annuals. All tints of the rainbow are found in this fine annual. We know of no flower which produces such a continuous supply of attractive flowers, in such a wide range of colors. Long stems, well rounded closely formed heads. Choice Mixed, 10c; 3 pkts. for 25c.

**1325 SWEET PEAS.** A mixture of all varieties of Supreme Spencer Sweet Peas. Magnificent flowers in an attractive range of colors. Pkt., 10c; oz., 20c; ¼ lb., 90c; lb., \$3.00.

## MAY'S LAWN SEED Sow Grass Seed in the Fall

Nature's grass seeding time is in the fall. If you want a good new lawn prepare the ground thoroughly and sow my lawn seed in late August and September. My ready mixed seed is the best obtainable and you are sure to get a nice lawn with it.

### MAY PARK LAWN GRASS MIXTURE

has made a beauty place around the Courthouse at Sidney, Iowa; about the postoffice at Shenandoah, Iowa; around the Country Clubhouse, and about many of the better homes here in Shenandoah, and our own May Park; one of the beauty spots of KMA is beautiful because of the healthy, green lawn. Lb., 50c; 3 lbs., \$1.45; 5 lbs., \$2.25, postpaid.

**MAY'S SHADY LAWN GRASS MIXTURE** is especially blended to build up a lawn where shade is a consideration. We have prepared this mixture very carefully for sowing under trees and shady places where the ordinary grasses do not succeed well. A really good mixture. Price, lb., 60c; 3 lbs., \$1.70; 5 lbs., \$2.75, postpaid.

### BONE MEAL FOR LAWNS—FLOWERS ANALYSIS: 3% ammonia, 24% phosphoric acid, and 24% nitrogen, and

Finely ground and of first quality, decomposes quickly and builds up the soil rapidly.

#### HOW TO USE BONE MEAL

New lawns, use 2,000 lbs. Sheep Manure and 500 lbs. Bone Meal per acre. Old lawns, use equal parts Bone Meal and Sheep Manure—50 lbs. per 1,000 sq. ft. For pot plants, one cup Bone Meal to 50 cups soil. A handful of this fertilizer around each plant or shrub promotes healthy growth.

5 lbs. .... 65c postpaid	50 lbs. \$2.50 f. o. b. Shen.
